## Spring Landscaping Checklist (Calgary 2026)

Prepare your property the right way this spring. This checklist is designed for Calgary homeowners and acreage owners looking to avoid recurring issues and create a more efficient, low-maintenance landscape.

### Property Inspection

- Check drainage and pooling water
- Inspect foundation runoff
- Look for erosion or soft spots

### Lawn & Garden

- Dethatch and aerate
- Prune shrubs and trees
- Refresh mulch and redefine edges

### Irrigation

- Inspect heads and valves
- Test zones individually
- Check for leaks or pressure issues

### Hardscape & Structures

- Clean patios and walkways
- Inspect deck and fence condition
- Delay staining until fully dry

### Upgrade Considerations

- Drainage improvements
- Irrigation optimization
- Artificial turf options
- Lower-maintenance design upgrades

**Oasis Landscape Group**  
*Design • Build • Maintain*
